

Q13 What other comments/concerns would you like HPOA to address or be aware of concerning the future of the Golf Course?

3	Our concern is that on average, home prices in golf communities decrease by 17% after the golf course closes and home prices for properties adjacent to a golf course diminish as well. We would prefer a revenue generating alternative to the golf course, including some of the examples listed above, in order to maintain quality and value of the Hiddenbrooke community. Concerns - What's the cost of all this to the residents? We are already paying so much in property taxes and mello-roos. How to control the number of cars and people (non-resident) coming into Hiddenbrooke will increase, which can also cause traffic, vandalism and out of control littering.	2/5/2021 5:38 PM

9	Living in a community as secluded as Hiddenbrooke that also happens to be right off of a major highway, it's critical that our community and it's residents feel safe. That's a draw for residents of Hiddenbrooke and especially to myself and others in The Village. As we explore the unfortunate potential of alternative uses for the golf course and club house, we have considerations that greatly increase the number of non-resident traffic, thereby creating a perception of increased accessibility and at worst a vulnerability that emboldens criminal behavior. We have seen an acceleration in petty crime and even some very alarming predatory warnings through our local social media channels. If we are going to make these considerations for the neighborhood, there needs to be proactive planning, resources, and accountability to executing a committed strategy presented to the community to combat those transgressions and alleviate resident concerns. Ex. Access cards for residents (a charge to us) and all non-residents must check in with security. There are ways around increasing security labor due to patrols, breaks, etc. We can certainly limit patrols, or even remove them. There are residents that will prefer a full time watch at the check-in station over patrols. Volunteer neighborhood watch? Just a thought. Overall, we must have a plan to improve security if we have a significant increase in non-resident traffic. Thank you	2/4/2021 10:19 PM

19	I'm ok with my HOA dues going up, but only if I actually have legitimate perks of being a member. ie, significant discounts on the golf course, updates to the gym, and better maintenance of the ponds on the course. Residents living here already pay a hefty mello roos property tax. Increasing our monthly dues without also increasing the privileges that come along with paying more will likely result in many residents moving out.	2/4/2021 8:34 AM

23	This is a large area of land and it must be maintained in beautiful condition otherwise there's no need to pay these high property taxes & othe fees to live here. Vineyard Drs, daycare, office rentals will reduce the value of the property in my opinion. I'm here because of the quiet, security & beauty. If those values are removed Hiddenbrooke has lost its value.	2/3/2021 10:07 PM

40	If we buy the golf course and maintain it as open space to be used by the community (with clear guidelines), the research I have seen would INCREASE our property values (given that the golf course runs at a loss - if the golf course were profitable, that would make up for the LOWER value of the land as a golf course). It also decreases the traffic in our community and the influx of non-residents.	2/3/2021 1:00 PM

home is built on a very small plot but I don't mind it because I can go in my small backyard and have a sliver of a view of the golf course. I might lose that view if you build more housing on the golf course land.

78	If there is an increase in the yearly dues, then homeowners should be allowed to play golf at a very minimum cost, preferably free... Maybe HPOA could take ownership for a time being until a new owner comes along. Will need to change management if this happens, the last time we had access to the pool, gym and tennis court, the facilities were POORLY managed & maintained. There needs to be better ACCOUNTABILITY. The layout of the golf course could be changed to make it more playable for high handicapped players (remove bunkers, extend Out of Bound markers). Lower the cost of play & encourage tournament play during the weekdays. The Bar & Grill should extend operating hours to facilitate golfers to eat/drink after rounds.	1/30/2021 6:30 PM

87	The HPOA has a responsibility to preserve the character of the Hiddenbrooke community. So any proposals that increase population density, increase traffic or reduce open space should be strongly opposed. If the Golf Course was purchased by HPOA, property owners should be able to use the course without additional cost, e.g., HPOA creates the Hiddenbrooke Country Club, extending membership opportunity to the public to offset cost of ownership.	1/29/2021 10:22 PM

106	Property value would go down if housing is built. Hard to sell homes if high HOA dues are established. If left unattended land will be an eyesore. 108	Raising the dues and thinking having access to the pool makes it ok is ridiculous! I can't remember the last time the pool was even open and operating for a full summer season. The gym doesn't have enough equipment to validate a fee increase of the amount you are suggesting. You could join In Shape in Vallejo with a pool for \$50 a month or less. The amount of HOA dues you are suggesting could have been a deterrent for people to purchase a home in this development. I for SURE would NOT buy a house here if I was looking at those HOA dues. Especially for that type of pool and "gym" you are saying warrants the increase Find another solution. It's not my responsibility as a home owner to make up the cost difference because someone decided to sell the golf course.	1/23/2021 6:36 PM

Even with an operating golf course they don't keep up with the grounds and weeds as well as they should, so if there's no working golf course I have no faith that the grounds will be kept up satisfactorily. There's a vacant golf course in Petaluma and it looks like complete shit. Also, if you put in a bunch of high density housing it will tank some people's property values. 322	Maintaining (mowing and weeding) fairways is extremely important for those living along the fairways. The property values for all homes in Hiddenbrooke would decrease without this maintenance regardless of whether or not the golf course stays open. 377	I feel that with this Pandemic it's probably not attracting buyers. Bad time to sell! Possibly wait for 6 months and try to put out a campaign to attract business who may be interested. I have no idea how you were contacting buyers. Hate to loose course. My husband (now deceased) loved the course but always complained that they never worked with residents to offer a lower rate to play. When we moved here 2002 they had Lady Samsung. Lots of activities. It's a beautiful course. Like to see if interest to buy will improve as we have a vaccine to help end the Pandemic. Wait 6 to 1 yr to attract buyers. (I would see if their foreign investors that may be interested. Good luck!	1/5/2021 11:44 AM
378	We can not let the land for the golf course unmaintained as it will be an eye sore.	1/5/2021 11:28 AM
379	I am concerned about the unknown increased costs to homeowners if HPOA takes over the property. This will heavily impact property values as potential homebuyers may be turned off by \$1,000 and growing annually HOA dues. Homeowners will have little to no say about dues increases over time and may lead to in affordability for dime current homeowners which will lead to lawsuits and liens against homeowners and property. I am very concerned about losing control of the future costs of trying to maintain a golf course and property that has been unsuccessful for many, many years....for nearly 2 decades it seems.	1/5/2021 11:25 AM

434	How much are the cost associated with the golf course? We also tried increasing fees to have access to the pool, etc. That did not work and there was not a good system in place. 442	We do not use the golf course or clubhouse, so we do not feel like it is fair to pay for something that we will not use. We recently purchased here this year because of the location and the privacy of the area. We recognize that the location, privacy, security check in area, are what drives people to find Hiddenbrooke desirable to live in. One of the Next Door app admin group members describe that Hiddenbrooke is one of the safest areas in the Bay Area. I believe these reasons are what really drives up property value and makes this locations ideal to live in - not the golf course. As a new family who recently moved to Hiddenbrooke this is definitely not great to see our HOA dues potentially increasing a substantial amount for something we do not use. If there is no buyer and it closes, it would be good to use the land for the members of our community in a way that preserves the privacy and serenity here. That is why we fell in love with Hiddenbrooke.	1/4/2021 8:15 PM

447	Your scenarios are not complete, if the HPOA did purchase the golf course and operate it, the fees paid by homeowners have to include membership in the golf facility. The statement was made about the course operating at a deficit, I challenge how the HPOA knows this. I am in favor of the city or HPOA taking over the course IF there is no buyer but it is not clear what threshold must be met before action would be taken. If HID money were used I believe the Hiddenbrooke residents should have some piece of the ownership, the same as if the HPOA purchased the club, HPOA members are part owners. HIDDENBROOKE is unfortunately attached and operated by the city of Vallejo therefore if this community no longer has the exclusivity that the golf course brings I am concerned that there will no longer be a distinction from Vallejo proper. Vallejo is currently not a desirable city to live in, it is higher in crime and lower income housing. HB has maintained it's value and separation from the issues that occur in Vallejo. Additionally, if the HPOA/city takes ownership of the golf course it will absolutely need to include the pool, gym and tennis court.	1/4/2021 7:18 PM

563	We should strive to keep the golf course active and in business. I play golf around Northern California and strangers I meet say Hiddenbrooke is a nice community to visit and the golf course is great. However we do know the conditions of the course need improvement, but I understand the current capital expense challenges of the current owner limits improving the course to meet high-end industry standards. . Troon the current course management team is known worldwide and I'm sure they could improve the marketing and make it profitable to a new owner if the course conditions can improve to better meet expectations of a Palmer designed course. The course layout is in the top five in Northern California due to design, challenge, and beautiful views. , Thank you for allowing us to provide input, and hope we can keep our golf course alive and well	1/4/2021 1:21 PM
